To Whom It May Concern:

It is my pleasure to recommend the professional services of Ms. Sandy Biback, CMP, CMM. I have had the pleasure of working with Sandy, over the past several years, as the MPI Foundation developed an updated publication relative to the meetings and conventions industry.

Sandy's services were secured to be the manager of an important project for our Foundation. She had worked on the initial publication, which was completed several years ago, and was invited to lead a volunteer group of MPI members as they developed and designed the next generation/updated publication. This 400+ page guide, inclusive of a CD attachment, has become "The" definitive resource in our industry.

As project manager, Sandy was responsible, from start to finish, for all dealings with printers, volunteers, facilitation of six task force meetings and the design of the CD-rom. Her own passion for education and our industry was instrumental towards the success of the project.

It would be my pleasure to speak with you relative to the excellent skills that Sandy has and to her high level of professionalism.

Sincerely,

A handwritten signature in black ink, appearing to read "David A. DuBois".

David A. DuBois, CMP, CAE

Executive Vice President
